City of Vernon
Light and Power Department
4305 Santa Fe Avenue
Vernon, California 90058

July 2011

Dear Vernon Customer:

Senate Bill1305 (SB1305) and Assembly Bill 162 (AB 162) requires all municipal utilities, as it does all other electric service providers, to disclose information to their customers regarding the energy resources used to generate the electricity they sell. In order to comply with the mandates of this legislation, the City of Vernon's Light and Power Department adopted the "Power Content Label" created by the California Energy Commission. The label below provides Vernon customers with information about the energy resources used to generate the electricity that is sold by the City of Vernon's Light and Power Department. The CA Power Mix represents the breakdown for the State overall power mix in comparison. If you have questions regarding this information, please contact Abraham Alemu, at 323-583-8811, extension 250.

POWER CONTENT LABEL

Energy Resources	City of Vernon Light and Power Department Power Mix* 2010	2010 CA Power Mix** (for comparison)
Eligible Renewable	**2%**	**11%**
-- Biomass & waste	0%	2%
