Blitz ✓

total in 6/years? down 5 Bks fld go out to WIPP ✓

6/6/97 1030 hrs ✓

130 @ Lawrence Livermore

NTS 75-100 ✓ shpmts to WIPP ✓ - once done thats it - done at agreed times a couple weeks per year

40,000 shpmts / 30 years

No transfer @ Baker.

All standard size trucks ✓

Blitz - max 17 total flat

Can't handle more than 17/week ✓

1 or 2 a day spaced over time (max)

850 shpmts / year (not transuranic of course)

130 @ Livermore would not use 127

75-100 shpmts @ NTS might use 127 ✓

joint Nev/Cal inspections of all vehicles ✓

Zero defects standard replace vehicle every 300,000 tires/brakes every 100,000 ✓

mentioned precedence setting ✓

Ralph indicated - leveraging $ for rdwy improvements ✓

Caltrans CHP Imp County Protocols that we can all agree on with respect to 127 use for the transuranic - low level waste transport

↓

9:8

Call Ralph - he can maybe go along on trip of 127.

late October plan on this trip - contact Plaza (Tim) Caltrans

Brad Mettam include

Protocol figured out by end of July.

decision by end of this summer on shipment of low level contaminated dirt from military nuclear weapons sites.
