Dear Mr. O'Kane:

Thank you for your letter of March 22, 2013 which provided responses to our data clarification request of February 19, 2013, and for the follow up meeting with SCAQMD staff on May 29, 2013 regarding AES' proposed Huntington Beach Energy Project (HBEP).

As discussed in the meeting, SCAQMD is awaiting the submittal of a visibility analysis for Class II areas and a cumulative impact analysis for the Federal NO2 standard for this project.

As you know, SCAQMD has initiated the processing of your applications for the HBEP, and upon receipt of the above-requested information, we can further proceed in our analysis of your project.
