Public Comment regarding the proposed Quail Brush Generation Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

I want to address the impact of the visual effect of this power plant, Kumeyaay Lake, the Kumeyaay Campground, Oat canyon its water falls and the views from the mountains will all take a huge visual hit. People come here not just from San Diego, but tourist from all over the world. I urge you to reject the applicants ~~project~~ request to initiate changes to the LORS needed to site the Quail Brush Power Plant within the MTRP expansion area
