Subject: HBEP DR-36 Cultural Resource Data Inquiry

Hi Robert,

Please see the attached data inquiry from Gabriel Roark, staff's cultural resource specialist as a follow up to the applicant's data responses for DR-36. AES may include their response separately, or in the December 14, 2012 data response submittal. If you have any questions, please let me know.\ F

Subject: HBEP Cultural Resource Questions

Felicia,

Here are my remaining questions concerning HBEP. They all center around the issue of depth of excavation and fill on the project site.

1. The applicant's response to Data Request (DR) 36 does not include the following.
    a. Depth of excavation proposed for the relocated gas metering station.
    b. Depth of excavation for bare conductors and ground rods.
    c. Depth of excavation for the ammonia tank.
    d. Depth of excavation for the spill containment basin.
    e. Depth of excavation for the refilling station.

Thanks,

Gabriel
