Public Comment regarding the proposed Quail Brush Generation Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

I am a Santee resident and I am opposed to the power plant. I have had Lymphoma twice. It is Known that enviormental factors are a cause of Lymphoma, and I dont want to have it again. I love the beauty of Mission Trails & have hiked there for over 25 years. Please dont disturb it!
