Pico Power Project

Appendix 8.1-K
Certification of Compliance
Silicon Valley Power

October 2002

Certification

I, James H. Pope, on behalf of the City of Santa Clara dba. **Silicon Valley Power**, hereby certify under penalty of perjury as follows:

1. I am authorized to make this certification on behalf of **Silicon Valley Power**.

2. This certification is made pursuant to Section 2-2-307 of the Rules and Regulations of the Bay Area Air Quality Management District.

3. To the best of the undersigned's knowledge, all major stationary sources owned or operated by **Silicon Valley Power** in the State of California are either in compliance or on a schedule of compliance with all applicable state and federal emission limitations and standards. These sources are as follows:

Cogeneration Facility #A0621

Each of the statements herein is made in good faith. Accordingly, it is Silicon Valley Power's understanding in submitting this certification that the BAAQMD shall take no action against Silicon Valley Power or any of its employees based on any statement made in this certification.

James H. Pope
Director of Electric Utility
Silicon Valley Power
