

CPUC Role Incremental Uncommitted Study

- Itron assisted the CPUC with analysis that formed the basis for the goals adopted in D.08-07-047.
 - Building on Commission policy for setting cumulative numeric goals
 - Expanding the definition of goals as “Total Market Gross”.
- CPUC collaborated with the CEC in the conceptualization and execution of the project and funded Itron to assist the CEC in updating:
 - Analyses of IOU programs for the 2009 IEPR and
 - Developing an incremental analysis based on the 2008 Goals study
- D. 04-09-060 and D. 08-07-047 both call for the numeric goals to used for long term procurement planning.
 - Numeric goals have been adjusted in Commission decisions based on new information.
- Appendices B and C of the CEC Staff report provide more detail on the history of goals and relevance of this report to the Long Term procurement proceeding.
