## **2011-2012 Advisory Committee Meeting and Public Workshop for the Alternative and Renewable Fuel and Vehicle Technology Program**

The Transportation Committee of the California Energy Commission will convene a meeting of the Advisory Committee and public workshop for the Alternative and Renewable Fuel and Vehicle Technology Program. Vice Chair James D. Boyd, Presiding Member of the Transportation Committee, and Commissioner Carla Peterman, Associate Member of the Transportation Committee, will be in attendance. Other Commissioners may attend and participate. The meeting and public workshop will be held on:

**MONDAY, MAY 23, 2011**  
Beginning at 9 a.m.  
CALIFORNIA ENERGY COMMISSION  
1516 Ninth Street  
First Floor, Hearing Room A  
Sacramento, California  
(Wheelchair Accessible)

### **Remote Attendance and Availability of Documents**

Presentations and audio from the meeting will be broadcast via our WebEx web conferencing system. For details on how to participate via WebEx, please see the "Participation through WebEx" section at the end of this notice.

Documents and presentations for this meeting will be available online at:

[www.energy.ca.gov/2010-ALT-1/documents/index.html](http://www.energy.ca.gov/2010-ALT-1/documents/index.html)

## Purpose

The Transportation Committee has prepared a draft *2011-2012 Investment Plan* for the Alternative and Renewable Fuel and Vehicle Technology Program. The Transportation Committee is seeking input from the Advisory Committee, stakeholders, and the public regarding the analyses and recommendations contained in the draft plan. Anticipated funding for fiscal year 2011-2012 is approximately \$100 million.

## Background

Assembly Bill 118 (Núñez, Chapter 750, Statutes of 2007), created the Alternative and Renewable Fuel and Vehicle Technology Program. The statute, subsequently amended by AB 109 (Núñez, Chapter 313, Statutes of 2008), authorizes the Energy Commission to develop and deploy alternative and renewable fuels and advanced transportation technologies to help attain the state's climate change policies. The Energy Commission has an annual Program budget of approximately \$100 million to support projects that:

- Develop and improve alternative and renewable low-carbon fuels.
- Optimize alternative and renewable fuels for existing and developing engine technologies.
- Produce alternative and renewable low-carbon fuels in California.
- Decrease, on a full fuel cycle basis, the overall impact and carbon footprint of alternative and renewable fuels and increase sustainability.
- Expand fuel infrastructure, fueling stations, and equipment.
- Improve light-, medium-, and heavy-duty vehicle technologies.
- Retrofit medium- and heavy-duty on-road and non-road vehicle fleets.
- Expand infrastructure connected with existing fleets, public transit, and transportation corridors.
- Establish workforce training programs, conduct public education and promotion, and create technology centers.

The statute requires the Energy Commission to annually prepare and adopt an investment plan that determines the funding priorities and opportunities and describes how Program funding will be used to complement other public and private investments, including existing state programs. Projects funded by the Energy Commission under the Program must be consistent with the priorities established in the investment plan.

The Energy Commission is also required to create an Advisory Committee to help develop each Investment Plan. The Advisory Committee is composed of representatives of fuel and vehicle technology consortia, labor organizations, environmental organizations, community-based justice and public health organizations, recreational boaters, consumer advocates, academic institutions, workforce training groups, and private industry. The Advisory Committee also includes representatives from various state agencies: the Natural Resources Agency; the Business, Transportation and Housing Agency; the Labor and

Workforce Development Agency; the Department of General Services; and the California Environmental Protection Agency.

Statute also requires the Energy Commission to hold at least three public workshops in different regions of the state to take public comment on the draft Investment Plan. This workshop is the first of three regional public workshops that will be held throughout California. The Energy Commission will invite input from the public on the proposed funding allocations. The information gathered will help the Energy Commission further develop the Investment Plan.

On August 11, 2010, the Energy Commission adopted its second investment plan. The investment plan contains specific recommendations for expending \$108 million appropriated for the third year of the program (fiscal year 2010-2011). This second investment plan is available on-line at [[www.energy.ca.gov/2010publications/CEC-600-2010-001/CEC-600-2010-001-CMF.PDF](http://www.energy.ca.gov/2010publications/CEC-600-2010-001/CEC-600-2010-001-CMF.PDF)].

## Written Comments

In addition to comments during the meeting, the Transportation Committee is also encouraging Advisory Committee members, stakeholders, and the public to submit written comments and suggestions for the *2011-2012 Investment Plan*, both before and after the meeting. This includes market and technical information as well as policy-level recommendations that will help guide the analysis and funding recommendations of the *2011-2012 Investment Plan*.

Written comments after the meeting must be submitted by **4 p.m. June 7, 2011**. Please include the docket number 10-ALT-1 and indicate Advisory Committee Meeting in the subject line or first paragraph of your comments. Please hand deliver or mail an original to:

California Energy Commission  
Dockets Office, MS-4  
Re: Docket No. 10-ALT-1  
1516 Ninth Street  
Sacramento, CA 95814-5512

The Energy Commission encourages comments by electronic mail (e-mail). Please include your name or organization's name in the name of the file. Those submitting comments by e-mail should provide them in either Microsoft Word format or as a Portable Document (PDF) to [[docket@energy.state.ca.us](mailto:docket@energy.state.ca.us)]. **One paper copy** must also be sent to the Energy Commission's Docket Unit.

Participants may also provide an original and 10 copies at the beginning of the workshop. All written materials relating to this workshop will be filed with the Dockets Unit and become part of the public record in this proceeding.

## Public Participation

The Energy Commission's Public Adviser's Office provides the public assistance in participating in Energy Commission activities. If you would like information on how to participate in this forum, please contact the Public Adviser's Office at (916) 654-4489 or toll free at (800) 822-6228, by FAX at (916) 654-4493, or by e-mail at [PublicAdviser@energy.state.ca.us]. If you have a disability and require assistance to participate, please contact Lou Quiroz at (916) 654-5146 at least five days in advance.

Please direct all news media inquiries to the Media and Public Communications Office at (916) 654-4989, or by e-mail at [mediaoffice@energy.state.ca.us].

If you have questions on the Advisory Committee or the Investment Plan, please contact Charles Smith of the Emerging Fuels and Technologies Office at the Energy Commission at (916) 654-4770 or by e-mail at [csmith@energy.state.ca.us].

## Remote Attendance

You can participate in this meeting through WebEx, the Energy Commission's online meeting service. Presentations will appear on your computer screen, and you listen to the audio via your telephone. Please be aware that the meeting's WebEx audio and on-screen activity may be recorded.

### Computer Log-on with Telephone Audio:

1. Please go to <https://energy.webex.com> and enter the unique meeting number: **929 744 693**
2. When prompted, enter your name other information as directed and the meeting password: **meeting@9**

### Teleconference:

After logging in on the computer, an AUDIO CONFERENCE BOX will offer you the choice of phone connections:

1. TO HAVE WEBEX CALL YOU BACK: Type your area code and phone number and click "Call Me".
2. TO CALL INTO THE TELECONFERENCE: Use the drop-down box to select "I will call in" and follow the on-screen directions.
3. INTERNATIONAL CALLERS: Click on the "Global call-in number" link in part (2) above
4. TO LISTEN OVER THE COMPUTER: If you have the needed equipment and your computer is configured, click on "Use Computer Headset" and then "Call Using Computer" to use VoIP (Internet phone)

TELEPHONE ONLY (NO COMPUTER ACCESS): Call 1-866-469-3239 (toll-free in the U.S. and Canada) and when prompted enter the unique meeting number: **929 744 693**.

International callers can select their number from  
<https://energy.webex.com/energy/globalcallin.php>

If you have difficulty joining the meeting, please call the WebEx Technical Support number at 1-866-229-3239.
