**Break (12:15-1:15)**

**Stakeholder Presentations on Treatment of Efficiency Programs in the IEPR  
Forecast (approx. 15 minutes each)**

Athena Besa, San Diego Gas & Electric

Sierra Martinez, Natural Resources Defense Council

Cynthia Mitchell, The Utility Reform Network  
Phillip Toth, Southern California Edison  
Carmen Best, California Public Utilities Commission  
Richard Aslin, Pacific Gas and Electric

### **Panel Discussion**

*Discussion will focus on, but is not limited to, Energy Commission staff proposals from the staff paper presented earlier in the workshop regarding treatment of ex ante claimed program savings, further effort in evaluating program savings for the 1976-1997 historical period, and attribution of savings among programs, standards, and naturally occurring savings. A list of specific questions for discussion will be posted with this agenda.*

Moderated by Mike Jaske, Electricity Supply and Analysis Division,  
California Energy Commission  
Athena Besa, San Diego Gas & Electric  
Cynthia Mitchell, The Utility Reform Network  
Sierra Martinez, Natural Resources Defense Council  
Phillip Toth, Southern California Edison  
Carmen Best, California Public Utilities Commission  
Richard Aslin, Pacific Gas and Electric  
Chris Kavalec, California Energy Commission  
Don Schultz, California Energy Commission  
Tom Gorin, Demand Analysis Office, California Energy Commission

### **Public Comments and Next Steps**

### **Adjourn**
