# Notice of Availability

# Developing Renewable Generation on State Property
### Installing Renewable Energy on State Buildings and Other State-Owned Property
## [CEC-150-2011-001-CMF/ Docket # 11-IEP-1G]

As part of the January 12, 2012 Business Meeting, the Energy Commission adopted the report: *Developing Renewable Generation on State Property, Installing Renewable Energy on State Buildings and Other State-Owned Property.* The report outlines the current amount of renewable energy development on state properties, challenges and opportunities for further development, and next steps.

This document was prepared as part of the Energy Commission's Integrated Energy Policy Report proceeding. The Energy Commission issued a scoping order for the *2011 IEPR* on March 30, 2011, which identified topics to be covered in the Integrated Energy Policy Report, including opportunities to increase the installation of renewable distributed generation projects on state property.

This report is available free from the Energy Commission's website at:

www.energy.ca.gov/2011_energypolicy/documents/index.html

A print copy is available for $5.00.  Please send request and check or money order made out to the California Energy Commission to:
