Alternative and Renewable Fuel and Vehicle Technology Program

Employment Training Panel

Peter Cooper
Assistant Director

<http://www.etp.ca.gov>

Employment Training Panel

The background features a light blue gradient with white and light blue icons. On the left, there are several wind turbines of varying sizes. At the bottom left, there are several interlocking gears. In the lower center, there is a small white car icon. The overall theme is modern technology and industry.

ETP is a joint business-labor program funding training that supports the creation and retention of **high-wage, high-skilled jobs**.

Created in 1983, ETP serves as the State's premier job creation and retention resource.

ARFVTP Partnership

The Alternative and Renewable Fuel and Vehicle Technology Program is a CEC and ETP partnership supporting job skills development within the following industry sectors:

- alternative/ renewable fuels
- vehicle emission reduction technologies and
- other green transportation sectors

ARFVTP formerly referred to as AB118

Program Overview

Funding format - Single Employer Contracts and Multiple Employer Contracts

Funding for training of incumbent workers as well as unemployed individuals seeking full-time employment

Targeted support of traditionally underserved populations including veterans

Funding Flexibility

- Training topics in ARFVTP targeted technologies or industry-driven certifications
- Multiple training delivery modes supported *Classroom/Lab, Productive Lab (OJT), and Interactive Video Conference*
- Fixed-fee reimbursement system
- Integrated online tracking, reporting, invoicing
