

CALIFORNIA ENERGY COMMISSION
Transportation Committee Workshop
on the
Alternative and Renewable Fuel and
Vehicle Technology Program

AGENDA

MONDAY, AUGUST 11, 2008

10 a.m.

CALIFORNIA ENERGY COMMISSION

1516 Ninth Street

First Floor, Hearing Room A

Sacramento, California

(Wheelchair Accessible)

10:00 a.m. Opening Remarks

James D. Boyd, Vice Chair and Presiding Member, Transportation Committee

Karen Douglas, Commissioner and Associate Member, Transportation Committee

10:10 a.m. Proposed Draft Regulatory Language – Chuck Mizutani

The presentation for each topic area will summarize the need for more information, rationale for addressing the clarification need, and draft regulatory language that provides the clarification.

- Advanced Vehicle Technology
- Funding Restrictions
- Advisory Body
- Investment Plan

10:50 a.m. Public Comments and Discussion

Along with comments on the proposed language for each of the topic areas identified above, comments and discussion are also encouraged regarding other elements of the topic areas such as:

- **Advanced Vehicle Technology:** Are there other vehicle technology or vehicle component categories that should be identified for eligibility under manufacturing and production in California?
- **Funding Restrictions:** Should projects funded under the program be eligible to apply any surplus externality benefits, such as criteria pollutant benefits, as credit under a local, state, or federal air emissions averaging, banking or trading program?
- **Advisory Committee:** How often should the advisory committee meet per year?
- **Additional comments/ remarks**
