

Staff Workshop on the Alternative and Renewable Fuels and Vehicle Technology Program Grant Solicitation Process

The California Energy Commission staff will conduct a workshop to share information and answer questions about the Alternative and Renewable Fuels and Vehicle Technology Program (ARFVTP) grant funding process.

Tuesday, October 14, 2014

Beginning at 10:00 a.m.

CALIFORNIA ENERGY COMMISSION

1516 Ninth Street

Hearing Room A

Sacramento, California 95814

Wheelchair Accessible

Remote Access Available by Computer or Phone via WebEx
(instructions below)

Purpose

The purpose of this staff workshop is to reach a broad and diverse set of potential applicants, and to assist them in understanding how to find and apply for ARFVTP grant funding opportunities from the California Energy Commission, and to serve as a forum for questions and answers relating to the general ARFVTP grant solicitation process.

Energy Commission staff will provide an explanation of the following:

1. ARFVT Program and current solicitations;
2. requirements of potential applicants;
3. solicitation timeline and application process;
4. evaluation process, including scoring criteria and potential hurdles;
5. the agreement development process for funding awardees; and
6. general tips for application development.

Participation in this workshop is encouraged, but not required for application to any ARFVTP grant solicitations. Additional workshops will be held for Southern California, the Central Valley, and in the Bay Area.

Background

Assembly Bill 118 (Núñez, Chapter 750, Statutes of 2007) created the ARFVTP. The statute, subsequently amended by AB 109 (Núñez, Chapter 313, Statutes of 2008) and AB 8 (Perea, Chapter 401, Statutes of 2013), authorizes the Energy Commission to develop and deploy alternative and renewable fuels and advanced transportation technologies to help attain the state's climate change policies.

The ARFVTP has an annual budget of approximately \$100 million and provides financial support for projects that:

1. Reduce California's use and dependence on petroleum transportation fuels and increase the use of alternative and renewable fuels and advanced vehicle technologies.
2. Produce sustainable alternative and renewable low-carbon fuels in California.
3. Expand alternative fueling infrastructure and fueling stations.
4. Improve the efficiency, performance and market viability of alternative light-, medium-, and heavy-duty vehicle technologies.
5. Retrofit medium- and heavy-duty on-road and non-road vehicle fleets to alternative technologies or fuel use.
6. Expand the alternative fueling infrastructure available to existing fleets, public transit, and transportation corridors.
7. Establish workforce training programs and conduct public outreach on the benefits of alternative transportation fuels and vehicle technologies.

Public Comment

Staff will accept oral comments and questions during the workshop. Comments may be limited to three minutes per speaker. Any comments may become part of the public record for this proceeding.

The Energy Commission encourages comments by email. Please include your name and any organization name. Comments should be in a downloadable, searchable format such as Microsoft® Word (.doc) or Adobe® (.pdf). Indicate the title of the workshop in the subject line. Send comments to:

AB118@energy.ca.gov

If you prefer, you may send a paper copy of your comments to:

Tami Haas
California Energy Commission
Fuels and Transportation Division, MS-44
1516 Ninth Street
Sacramento, CA 95814

Public Adviser and Other Commission Contacts

The Energy Commission's Public Adviser's Office provides the public assistance in participating in Energy Commission activities. If you want information on how to participate in this forum, please contact Alana Mathews, Public Adviser, at (916) 654-4489 or toll free at (800) 822-6228, by FAX at (916) 654-4493, or by e-mail at PublicAdviser@energy.ca.gov.

If you have a disability and require assistance to participate, please contact Lou Quiroz lou.quiroz@energy.ca.gov or (916) 654-5146 at least five days in advance.

Media inquiries should be sent to the Media and Public Communications Office at (916) 654-4989, or by e-mail at mediaoffice@energy.ca.gov.

Remote Attendance

You can participate in the meeting through WebEx, the Energy Commission's online meeting service. Presentations will appear on your computer screen, and you listen to the audio via your telephone. Please be aware that the meeting's WebEx audio and on-screen activity may be recorded.

Computer Log-On with Telephone Audio:

1. Please go to <https://energy.webex.com> and enter the unique meeting number: 925 868 562
2. When prompted, enter your name and other information as directed and the meeting password: **meeting@10**

The "Join Conference" menu will offer you a choice of audio connections:

1. To call into the meeting: Select "I will call in" and follow the on-screen directions.
2. International attendees: Click on the "Global call-in number" link.
3. To have WebEx call you: Enter your phone number and click "Call Me."
4. To listen over the computer: If you have a broadband connection, and a headset or a computer microphone and speakers, you may use VoIP (Internet audio) by going to the Audio menu, clicking on "Use Computer Headset," then "Call Using Computer."

TELEPHONE ONLY (no computer access and no visual presentation): Call 1-866-469-3239 (toll-free in the U.S. and Canada) and when prompted enter the unique meeting number: 925 868 562.

International callers can select their number from <https://energy.webex.com/energy/globalcallin.php>

VIA MOBILE ACCESS: Access to WebEx meetings is now available from your mobile device. To download an app, go to www.webex.com/overview/mobile-meetings.html

If you have difficulty joining the meeting, please call the WebEx Technical Support number at 1-866-229-3239.
