

**California Highway Patrol
Preparation for WIPP Shipments**

Exhibit A

Scope of Work

Purpose

The purpose of this contract is to reimburse the California Highway Patrol (CHP) for travel expenses and officer overtime incurred for training, inspections, and/or providing escorts for truck shipments as part of the Waste Isolation Pilot Plant (WIPP) Transport Safety Program.

Scope of Work

1. The CHP, at their discretion, will inspect truck shipments in California of transuranic waste.
2. The CHP, at their discretion, may provide escorts for shipments in California of transuranic waste and will update their route assessment, including safe parking locations, any major road construction projects planned for the I-80 corridor, as part of their plan for optional escorts.
3. CHP officers will receive training for Commercial Vehicle Safety Alliance (CVSA) Level VI truck inspections and/or other incident response training.
