PROJECT DESCRIPTION Public project exemption for a California Energy Commission loan to buy new equipment, including solar cell cutting equipment and scanning electron microscopy equipment, for an existing business.

CERTIFICATION

Under the provisions of Section 15268 of the State Guidelines for Implementation of the California Environmental Quality Act (CEQA) as stated below, this project is found to be exempt from the environmental review requirements of Title 21 of the San José Municipal Code, implementing the California Environmental Quality Act of 1970, as amended.

15268. Ministerial Projects.

(a) Ministerial projects are exempt from the requirements of CEQA. The determination of what is "ministerial" can most appropriately be made by the particular public agency involved based upon its analysis of its own laws, and each public agency should make such determination either as a part of its implementing regulations or on a case-by-case basis.

(b) In the absence of any discretionary provision contained in the local ordinance or other law establishing the requirements for the permit, license, or other entitlement for use, the following actions shall be presumed to be ministerial:

- (1) Issuance of building permits.
- (2) Issuance of business licenses.
- (3) Approval of final subdivision maps.
- (4) Approval of individual utility service connections and disconnections.
