Agenda Notice Statement: (This is the description that will appear on the agenda)

Possible approval of a Amendment 1 to loan agreement 006-09-ECD with the County of Nevada to change the scope of work, reduce the estimated annual energy savings, and reduce the loan amount by \$94,641. The new maximum loan amount will be \$1,392,226.00. The HVAC systems installed in the Eric Rood Administration Center in Nevada City are larger than originally proposed which results in lower annual energy cost savings. The revised project is estimated to save the County approximately \$126,566 annually. Based on the loan amount, the simple payback is approximately 11.0 years. This project will reduce the County's annual electrical energy use by an estimated 791,853 kWh and the natural gas use by about 8974 therms and will reduce CO2 emissions by approximately 325 tons annually.
