Possible approval of a Grant / Contingent Award to... Possible approval of Amendment 1 to grant agreement CBG-09-016 with the City of Coronado (City) to augment the grant with an additional \$839 to a total of \$125,762, extend the term of the agreement to June 14, 2012, revise the scope of work, revise the approved project list, and revise the budget accordingly. This augmentation now fully awards the amount of grant funds available to the City under the Energy Efficiency and Conservation Block Grant (EECBG) solicitation (PON-09-001). The City has requested approval to implement lighting retrofits in lieu of the previously approved HVAC projects. In addition, the City has requested a grant term extension in order to complete the revised scope of work. This revised grant meets all requirements under the EECBG program.
