The contractor must have **more than one reporter available to work on Energy Commission Business Meetings, Other Hearings, Workshops, Meetings and Proceedings.**

- 1. Contractor agrees to perform the following tasks and provisions for reporting services:**
  - A. Services will include, but not be limited to, the development and production (recording and transcribing) of accurate verbatim transcripts submitted typographically free of error. Although the majority of the services will be in Sacramento, there may be required travel to various locations within California.
  - B. The time and place for reporter assignments will be confirmed either by telephone or written request from the Commission Contract Manager.
  - C. Contractor shall provide hearing reporters and equipment necessary at the request of the Contract Manager. Each assigned reporter must be experienced and proficient in setting up and monitoring all equipment used under the terms of this contract.
