**[PROPOSED] DECISION AND ORDER OF THE
CALIFORNIA ENERGY COMMISSION
AFTER CONSIDERATION OF
THE EXECUTIVE DIRECTOR'S RECOMMENDATION**

On February 8, 2013, the Executive Director of the California Energy Commission¹ provided his recommendation, attached hereto as "Exhibit A," to ConSol Home Energy Efficiency Rating Services, Inc. (CHEERS), that the Commission certify CHEERS as a Provider under the California Home Energy Rating System (HERS) Program, to administer the HERS Provider program previously approved to be administered by California Home Energy Efficiency Rating Services (CHEERS)² for Field Verification and Diagnostic Testing as required by the California Code of Regulations, Title 24, Part 6, pursuant to Public Resources Code, section 24942, and California Code of Regulations, Title 20, sections 1670 et seq., 1674, subd. (c).

The February 13, 2013, Business Meeting was the first available for the Commission to consider this matter, after the Executive Director provided his recommendation. After considering the recommendation, and the comments presented in response or made at that Business Meeting, the Commission confirms the Executive Director's findings that CHEERS meets the applicable requirements of Section 1673 for Providers for Field Verification and Diagnostic Testing as required by the California Code of Regulations, Title 24, Part 6.

Accordingly, the Commission adopts the Executive Director's recommendation, edited as shown to reflect the decision of the Commission, and certifies CHEERS as a HERS Provider to administer the CHEERS HERS Provider program for the Field Verification and Diagnostic Testing of Residential Newly-Constructed Buildings as required by California Code of Regulations, title 24, Part 6.

IT IS SO ORDERED.

¹ Also known as the State Energy Resources Conservation and Development Commission. See Pub. Resources Code, § 25200.

² Energy Commission Business Meeting, Nov. 18, 2009, item no. 9.
