**Docket No. 12-BSTD-01  
Resolution No. 13-1211-06**

**RESOLUTION OF THE ENERGY COMMISSION  
APPROVING ENERGYPRO VERSION 6.0 RESIDENTIAL COMPLIANCE SOFTWARE**

The Warren-Alquist Energy Resources Conservation and Development Act requires the Energy Commission to, among other things, establish a process for certifying calculation methods for demonstrating compliance with its building energy efficiency standards.<sup>1</sup>

As allowed by the 2013 Building Energy Efficiency Standards (Standards), California Code of Regulations, Title 24, Part 1, Chapter 10, , sections 10-109 and 10-110, an application has been submitted to approve EnergyPro Version 6.0 as an alternative calculation method for demonstrating performance compliance with the residential provisions of the Standards. The Energy Commission has considered the application and approves it.<sup>2</sup>
