**PROPOSED RESOLUTION OF THE ENERGY COMMISSION
APPROVING RIGHT-ENERGY TITLE 24 VERSION 1.0 RESIDENTIAL COMPLIANCE
SOFTWARE**

PROPOSED RESOLUTION: The California Energy Commission approves the Executive Director's recommendation, attached hereto, to approve Right-Energy Title 24 Version 1.0 as an alternative calculation method for demonstrating performance compliance with the residential provisions of the 2013 Building Energy Efficiency Standards, California Code of Regulations, Title 24, Part 6, and associated administrative regulations in Part 1, Chapter 10 (Standards) for newly constructed single-family buildings.

WHEREAS, pursuant to Section 10-110 of the Standards, the Executive Director of the California Energy Commission has found the application to be complete with all of the supporting information required in Section 10-109 of the Standards, and recommends Right-Energy Title 24 Version 1.0 as an alternative calculation method for demonstrating performance compliance with the residential provisions of the 2013 Standards for newly constructed single-family buildings.¹;

THEREFORE, pursuant to Section 10-110 of the Standards, the Energy Commission has considered the application, has found the application to be complete with all of the supporting information required in Section 10-109 of the Standards, and approves Right-Energy Title 24 Version 1.0 as an alternative calculation method for demonstrating performance compliance with the residential provisions of the 2013 Standards for newly constructed single-family buildings. Pursuant to subsection (f) of Section 10-109 in the Standards, the Energy Commission restricts the approval of this software to the designs specified herein.

¹ This action was considered as part of the consent calendar for the Business Meeting.

The Energy Commission directs the Executive Director to take, on behalf of the Energy Commission, all actions reasonably necessary to implement this resolution, including but not limited to posting information on obtaining Right-Energy Title 24 Version 1.0 on the Energy Commission's publicly-accessible internet web site.
