

DECLARATION OF CHIEF EXECUTIVE OFFICER

State Agency Conflict of Interest Code for

CALIFORNIA ENERGY COMMISSION

The proposed conflict of interest code specifically includes each agency position that involves the making or participation in the making of decisions which may foreseeably have a material financial effect on an economic interest. Positions that do not make or participate in decisions are not included.

The disclosure categories are written to address the agency's current programs and require disclosure of only foreseeable interests that may create a conflict of interest. It has also been determined that certain positions have such broad and indefinable duties that individuals holding the positions will report all financial interests pursuant to Government Code Section 87310.

The agency has satisfied all of the requirements of Title 2, Division 6 of the California Code of Regulations Section 18750 preliminary to approval of the proposed code, including providing a comment period for both employees and the public.
