

JOB OPPORTUNITY BULLETIN

CLASSIFICATION: Attorney I

TENURE: Permanent

TIME BASE: Full-time

SALARY: Range A: \$5,387 - \$5,603

Range B: \$5,393 - \$6,157

Range C: \$6,500 - \$8,174

Range D: \$7,316 - \$9,385

LOCATION: Office of Chief Counsel, Sacramento, California

FINAL FILING DATE: 12/20/17

DUTIES/RESPONSIBILITIES: Under the direct supervision of an Assistant Chief Counsel and the general direction of the Chief Counsel, the Attorney will be responsible for providing a broad spectrum of legal advice on diverse and complex legal issues in areas such as energy, environmental, public contract, and administrative law. The attorney will mainly be responsible for providing legal advice on power plant licensing and amendment proceedings and representing technical staff as an independent party in such proceedings. Primary duties include reviewing technical environmental and engineering assessments and testimony; representing staff witnesses during administrative hearings and conferences; drafting documents such as legal briefs and motions; providing oral and written legal advice on the application of the California Environmental Quality Act, and all laws, ordinances, regulations and standards that apply to a project under review; and drafting regulations and legislation. Some travel is required.

The Office of Chief Counsel is a full-service law office involved in all phases of Commission activity, and attorneys have an opportunity to work directly and closely with the state's principal energy policy-makers. Attorneys' work includes appearances before the Commission, and may include appearances in other state and federal agencies, and occasionally in court. Practice in the Office generally involves one or more of the following assignments, depending upon the needs of the Office at the time:

- **Transactions:** Providing legal advice for a variety of programs that support research, development, demonstration, and deployment of innovations in energy efficiency, renewable energy, alternative fuels and vehicles, and others, through public contracts, grants, and loans;
- **House Counsel:** Providing legal advice to the Commission and its staff on all other agency matters, including California Building and Appliance standards, open meetings, conflicts of interest, the Public Records Act, data collection and personnel;
- **Rulemaking and standards setting:** Providing legal advice for regular updates to the State's energy efficiency standards for new construction (Title 24) and appliances offered for sale in California, and other regulations that implement the Energy Commission's programs;
- **Hearing and Policy:** Hearing Advisers co-preside with Commissioners on siting cases, in which proposals to build power plants are reviewed, and provide legal advice to Commissioners on a variety of other matters, including complaint or investigation proceedings, proposed regulations, and policy matters.
