Pursuant to Section 25211 of the Public Resources Code, and Section 1204 of Title 20 of the California Code of Regulations, the Energy Commission hereby establishes the Committees identified below. This order supersedes Energy Commission Order No. 11-1005-2 and any other previous Orders, or portions of previous Orders, which have either established new committees or assigned existing committees of the Commission to specific proceedings. If any prior Order established or assigned a committee to a specific proceeding, and such committee is not identified herein, then that committee is deemed dissolved for that proceeding, and the matter withdrawn by the full Commission pursuant to Section 1204(c) if the proceeding is still active.

The Committees shall have the following powers and duties in addition to those powers and duties set forth in Energy Commission regulations:

a. Conduct proceedings, hold duly noticed public meetings and hearings, issue orders, and report to the Energy Commission on proposed decisions on matters within the Committee's jurisdiction, as set forth in Energy Commission adopted orders instituting hearings or formal rulemaking procedures.

b. In addition to powers as specified in Title 20, section 1203, California Code of Regulations for the conducting of hearings or meetings, the Presiding Member of each Committee shall provide notices and agendas for Committee meetings to the Commission. The Presiding Member may provide a summary of significant discussions and action items at a Commission Business Meeting.

c. Unless otherwise ordered by the Commission, these Committees dissolve 35 days after final action in their specified proceedings.
