**NOTICE OF PROPOSED AWARD**

PON-08-010

**American Recovery and Reinvestment Act of 2009 Cost Share
Alternative and Renewable Fuel and Vehicle Technology Program
Clean Cities**

On April 22, 2009, the California Energy Commission released a solicitation entitled “American Recovery and Reinvestment Act of 2009 Cost Share: Alternative and Renewable Fuel and Vehicle Technology Program.” The Energy Commission proposes to award funding to the projects listed below, which received federal awards in response to the U.S. Department of Energy’s American Recovery and Reinvestment Act of 2009 (ARRA) Clean Cities, Round 1, Funding Opportunity Announcement. In accordance with the solicitation, the Energy Commission may only issue awards to projects that received an award from the federal government.

The attached table below represents an estimate of the amount of funding that the Energy Commission may award to each recipient. Final award amounts may vary significantly from the amounts listed below. The Energy Commission will determine final award amounts after discussions with each proposed award recipient. Factors the Energy Commission may consider include, but are not limited to, the amount of funding received from the U.S. Department of Energy, eligibility and budget for each part of the final proposed scope of work, and the amount of funding required to allow the project to proceed as described in the proposed recipient’s final proposal.

Final awards recommended for funding were based on successful evaluation of final proposals submitted to PON-08-010 and receipt of an ARRA award from the federal government.
