Addendum 4
May 31, 2013**

**Alternative and Renewable Fuel and Vehicle Technology Program
Commercial Scale Advanced Biofuels Production Facilities**

The purpose of this Addendum is to update Attachment 5 Budget Forms.

Specifically, the tab titled "Att B-1 Task Summary" had a calculation error in the Match Funding Totals Column. This error only affects budgets that have more than 5 tasks. If an application has more than 5 tasks, this revised budget workbook needs to be used or the applicant can contact the Contracts, Grants and Loans Office Manager to have their individual workbook corrected for them. If an application has 5 tasks or less, the old budget workbook may continue to be used without issue.
