**AMENDED NOTICE OF PROPOSED AWARD (NOPA)****Bringing Energy Efficiency Solutions to California's Industrial, Agricultural, and Water Sectors****PON-14-304****10/5/2015**

On August 13, 2014, the California Energy Commission (Energy Commission) released a competitive solicitation to fund the deployment of energy efficient solutions to California's Industrial, Agricultural and Water sectors.

Up to ~~\$27.3~~ **\$28.3** million in Electric Program Investment Charge (EPIC) Program funding is available to fund applications in California's industrial, agricultural and water sectors. The Energy Commission received 13 proposals by the due date of January 9, 2015. Each proposal was screened, reviewed, evaluated and scored using the criteria in the solicitation. Ten (10) proposals passed the Stage Two Application Screening.

The attached "Notice of Proposed Awards" identifies each applicant selected and recommended for funding by Energy Commission staff and includes the recommended funding amount and score. The total amount recommended is ~~\$27,050,065~~ **\$28,217,099**.

Funding of proposed projects resulting from this solicitation is contingent upon the approval of these projects at a publicly noticed Energy Commission Business Meeting and execution of a grant agreement. ~~If the Energy Commission is unable to timely negotiate and execute a funding agreement with an Applicant, the Energy Commission, at its sole discretion, reserves the right to cancel or otherwise modify the pending award, and award the funds to another applicant.~~

In addition, the Energy Commission reserves the right to: 1) add to, remove, or shift funding between the different groups if there are insufficient passing proposals in one group and 2) negotiate with successful applicants to modify the project scope, schedule, and/or level of funding.

With this addition of funds, the Energy Commission proposes to fund the next highest ranking proposal. Please see the attached amended NOPA table that identifies the applicant and proposal that has been recommended. As time to encumber and expend funds is limited, applicants will only have 3 weeks to provide requested information (by October 23) or the Energy Commission will move on to the next applicant on the list.

This notice is being mailed to all parties who submitted an application to this solicitation and is also posted on the Energy Commission's website at: www.energy.ca.gov/contracts/.

Bringing Energy Efficiency Solutions to California's Industrial, Agricultural, and Water Sectors

Amended Notice of Proposed Awards

October 5, 2015

Rank Number	Project Applicant	Title	Energy Commission Funds Requested	Energy Commission Funds Recommended	Match Funds	Score	Award Status
Proposed Awards							
1	PowWow Energy, Inc.	Irrigation Optimization and Well Pump Monitoring Leveraging Smart Meter Data	\$2,292,829.00	\$2,292,829.00	\$535,568.00	86.3	Awardee
2	Porifera	Water and Energy Savings Utilizing Innovative Forward Osmosis Systems for Irrigation and Indirect Potable Reuse	\$3,230,420.00	\$3,230,420.00	\$646,493.00	84.5	Awardee
3	Asetek	Demonstration of low-cost data center liquid cooling with 12-month payback	\$3,552,678.00	\$3,552,678.00	\$1,519,738.00	84.4	Awardee
4	Wexus Technologies, Inc	Wexus Energy & Water Management Mobile Software Project	\$4,000,000.00	\$4,000,000.00	\$1,000,000.00	83.5	Awardee
5	Kennedy/Jenks Consultants, Inc.	Raw Wastewater Filtration for Carbon Diversion to Achieve Significant Electricity Savings at Wastewater Treatment Plants	\$3,476,085.00	\$3,476,085.00	\$1,288,340.00	82.5	Awardee
6	UC Riverside - Bourns College of Engineering	Bringing Energy Efficiency Solutions to California's Water Sector with the Use of Customized Energy Management System (EMS) and SCADA	\$3,017,035.00	\$3,017,035.00	\$1,722,732.00	82.4	Awardee
