**REVISED NOTICE OF PROPOSED AWARDS****Alternative and Renewable Fuel and Vehicle Technology Program
Grant Solicitation PON-14-607
Zero Emission Vehicle Readiness****May 1, 2015**

On February 3, 2015, the California Energy Commission (Energy Commission) released a Grant Solicitation and Application Package entitled "Zero Emission Vehicle (ZEV) Readiness" under the Alternative and Renewable Fuel and Vehicle Technology Program (ARFVTP). This first-come, first-served grant solicitation was an offer to fund projects that support new and existing planning efforts for plug-in electric vehicles (PEV's) and fuel cell electric vehicles (FCEV's).

The attached table, "Revised Notice of Proposed Awards", identifies an increased proposed award for Applicant #9, Southern California Association of Governments. This notice is being mailed to this applicant and is also posted on the Energy Commission's website at: <http://www.energy.ca.gov/contracts/index.html>.

Funding of proposed projects resulting from this solicitation is contingent upon the approval of these projects at a publicly noticed Energy Commission Business Meeting and execution of a grant agreement. If the Energy Commission is unable to timely negotiate and execute a funding agreement with an Applicant, the Energy Commission, at its sole discretion, reserves the right to cancel the pending award.

Questions should be directed to: Phil Dyer
