Hydrogen Fueling Infrastructure Solicitation)	WORKSHOP
Development for the Alternative and)	Input for Developing a New
Renewable Fuel and Vehicle Technology)	Solicitation for a Hydrogen
Program (ARFVTP))	Infrastructure Network

Notice of Staff Workshop

California Energy Commission staff will convene a public workshop for the Alternative and Renewable Fuel and Vehicle Technology Program. Commissioners may attend the staff workshop.

The purpose of this workshop is to discuss input for developing a new solicitation for a hydrogen infrastructure network.

The workshop will be held on:

July 10, 2012

9 a.m. – 5 p.m.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT

21865 Copley Drive

Diamond Bar, CA 91765

Background

A robust hydrogen fueling infrastructure is necessary to support automakers' rollout of fuel cell vehicles to support the California Air Resources Board's Zero Emissions Vehicle (ZEV) program. Automakers plan to meet this mandate with a combination of battery electric and fuel cell vehicles. The deployment of these vehicles is critical to meeting California's economic, environmental and petroleum reduction goals. The Energy Commission's Alternative and Renewable Fuel & Vehicle Technology Program provides critical seed funding to support the infrastructure necessary to fuel an expanding fleet of hydrogen and other advanced and cleaner transportation vehicles. The California Energy Commission is seeking public input at this workshop for the development of a new solicitation for hydrogen fuel infrastructure. The discussions will summarize those that previously occurred at the June 22 and June 29, 2012 staff workshops.

Proposed Workshop Agenda Topics July 10, 2012

1. Review approaches to selecting hydrogen fueling station locations. (This discussion will summarize the June 22 and June 29 staff workshops on approaches to hydrogen station locations.)
2. Consider the types of projects and eligibility requirements, as discussed in the June 29 staff workshop.
3. Consider technical requirements for hydrogen generation, fueling dispensers, and access as discussed in the June 29 staff workshop.
4. Develop and discuss proposal requirements as discussed in the June 29 staff workshop.
5. Review local station siting/development topics.
6. Review funding levels and incentives.
7. Review proposed scoring criteria.
8. Public comments.

Public Comment

Staff will accept oral comments during the workshop. Comments may be limited to 5 minutes per speaker. Any comments may become part of the public record in this proceeding.

Written comments regarding recommendations on funding structure, including incentives and scoring criteria within the scope of this workshop should be submitted to the Dockets Unit by 4:00 p.m. two days prior to the workshop. Written comments will also be accepted at the workshop, however, staff may not have time to review the comments before the conclusion of the meeting. The Energy Commission encourages comments by email, preferably by July 6. Comments will be accepted until July 18. Please include the commenter's and organization name. Comments should be in a downloadable, searchable format such as Microsoft® Word (.doc) or Adobe® Acrobat® (.pdf). Please include the docket number [12-HYD-1](#) and indicate "Hydrogen and Transportation" in the subject line. All written comments will become part of the public record of this proceeding.

Send comments to:

docket@energy.ca.gov

If you prefer, you may send a paper copy of your comments to:

California Energy Commission
Dockets Office, MS-4

Public Adviser and Other Commission Contacts

The Energy Commission's Public Adviser's Office provides the public assistance in participating in Energy Commission proceedings. If you want information on how to participate in this forum, please contact the Public Adviser's Office at PublicAdviser@energy.ca.gov or (916) 654-4489 (toll free at (800) 822-6228).

If you have a disability and require assistance to participate, please contact Lou Quiroz at lquiroz@energy.ca.gov or (916) 654-5146 at least five days in advance.

Media inquiries should be sent to the Media and Public Communications Office at mediaoffice@energy.ca.gov or (916) 654-4989.

If you have questions on the subject matter of this meeting, please contact Tobias Muench, tmuench@energy.ca.gov or (916) 654-4831.

Remote Attendance

You may participate in this meeting through WebEx, the Energy Commission's online meeting service. Presentations will appear on your computer screen, and you may listen to audio via your computer or telephone. Please be aware that the meeting may be recorded.

To join a meeting:

For the July 10 Workshop:

VIA COMPUTER: Go to <https://energy.webex.com> and enter the unique meeting number: **923 991 743**. When prompted, enter your name and the following meeting password: **meeting@9**

The "Join Conference" menu will offer you a choice of audio connections:

1. To call into the meeting: Select "I will call in" and follow the on-screen directions.
2. International Attendees: Click on the "Global call-in number" link.
3. To have WebEx call you: Enter your phone number and click "Call Me."

4. To listen over the computer: If you have a broadband connection, and a headset or a computer microphone and speakers, you may use VoIP (Internet audio) by going to the Audio menu, clicking on “Use Computer Headset,” then “Call Using Computer.”

VIA TELEPHONE ONLY (no visual presentation): Call 1-866-469-3239 (toll-free in the U.S. and Canada). When prompted, enter the unique meeting number: 923 991 743. International callers may select their number from <https://energy.webex.com/energy/globalcallin.php>

VIA MOBILE ACCESS: Access to WebEx meetings is now available from your mobile device. To download an app, go to www.webex.com/overview/mobile-meetings.html.

If you have difficulty joining the meeting, please call the WebEx Technical Support number at 1-866-229-3239.

Call for Workshop Presentations:

If you would like to present at the workshop(s) regarding the topics listed in the proposed agenda(s) above, please send your presentation to Tobias Muench via email at tmuench@energy.ca.gov] by July 6.
