

Net Energy Metering Forum

November 18, 2002

Sacramento, CA
9:30 am – 4:00 pm

- Introductions and General Housekeeping
- General Overview: Net Metering
 - Current Activity
 - Overview of Section 2827
- Open Discussion Regarding Key Legislation Impacting Net Metering Language (AB58 and AB2228)
 - Questions for consideration (More will be coming during the next week):
 - What is an appropriate definition of co-metering?
 - What billing changes will be required with implementation of legislation
 - E.G. Any credits for permits issued after 12/31/02 or not in service after 9/03 would be on the commodity component only.
 - What utility tariff changes will be required? (Net Metering Tariffs, Rule 21, others)

Review of Utility Tariff Proposals
