California Form 801
Payment to Agency Report

Chair David Hochschild
Energy Internet Innovation and Entrepreneurship Summit (EIIES)
Extended Visit to include high-level meetings in key regions of China
June 9-18, 2019

Attachment, Section 2

New Energy Nexus is an international organization that supports clean energy entrepreneurs with funds, accelerators, and networks. New Energy Nexus strives toward an abundant world with a 100% clean energy economy for 100% of the population in the shortest time possible. The mission of New Energy Nexus is to support diverse entrepreneurs to drive innovation and build equity into the global clean energy economy and to have an impact worldwide.

Section 3.2

Chair Hochschild's participation in the Energy Internet Innovation and Entrepreneurship Summit is an opportunity to engage with new and established partners in China. Further, it is an opportunity to share the strategic and long-term energy and climate policies that are helping California pave the way toward a low-carbon future. This is an experience worth sharing. Additionally, as Chair of the California Energy Commission, the State's primary energy policy and planning agency, it makes sense for Chair Hochschild to represent California State Government at this event. The Chair will be joined by Dr. Fan Dai, from the California Environmental Protection Agency at this Summit. Dr. Dai has established relationships with many of the Chinese nationals that will be at the event. Her unique insight into Chinese culture, politics, and government, make her an ideal companion to the Chair on his first visit to China in his new role as leader of the California Energy Commission.

New Energy Nexus paid transportation and lodging vendors directly to allow for the Chair's participation in the Energy Internet Innovation and Entrepreneurship Summit. This included roundtrip airfare to and from China and the cost of two nights lodging in Chengdu.
