

## California Public Utilities Commission and FERC Cases

Proceeding Number & Title	Description	Status
<b>A.07-04-013 Sacramento Natural Gas Storage application for CPCN</b>	Sacramento NGS seeks CPCN to construct and operate natural gas storage facility in Sacramento	CPUC denied application in July 2012
<b>A.09-09-020 SoCalGas Requests approval of work at Aliso Canyon Storage Field</b>	SoCalGas seeks approval to replace 3 gas turbine compressors with electric compressors, increase injection capacity	Draft EIR issued 4/4/12. Final EIR being prepared by CPUC Energy Division. Hearings on small set of environmental and safety issues to occur in December 2012.
<b>A.10-08-002: Joint Utility Application to Recover ARB AB 32 Fees, A.11-03-010: Southwest Gas</b>	SoCalGas, SDG&E, SCE PG&E, and SW Gas request rate increase to recover ARB AB 32 Implementation Fees	CPUC approved application in October 2012
<b>A.10-12-005/A.10-12-006: SoCalGas/SDG&amp;E 2012 General Rate Case</b>	SoCalGas and SDG&E propose new revenue requirement for 2012 in general rate case	Waiting for ALJ Proposed Decision.
<b>I. 11-02-016: PG&amp;E Gas Safety Recordkeeping Investigation</b>	Investigation into whether PG&E violated CPUC rules on gas safety recordkeeping	Settlement discussions occurring, as well as in I.11-11-009 and I.12-01-007, temporarily resulting in delay of proceedings. Hearings in I.11-02-016 to resume in January 2013.
<b>R.11-02-019: Gas Safety Rulemaking on Plans and Procedures</b>	Rulemaking to establish new gas safety rules in light of San Bruno explosion	ALJ Proposed Decision issued 10/12/12 on PG&E's Pipeline Safety Enhancement Plan (PSEP). Basically approves PG&E's proposed plan, but significantly reduces costs that may be recovered from ratepayers. Comments on PD have been submitted. Decision could be issued on 12/20/12. Another Proposed Decision, issued 11/19/12, in this proceeding approves the gas safety plans submitted by each of the California gas utilities pursuant to SB 705. It also adopts whistleblower protections for employees of natural gas utilities.
<b>A.11-09-004: SoCalGas application to retain current gas quality specs</b>	SoCalGas recommends retaining current non-hydrogen sulfide gas quality specs, and making historical California production subject to those specs	Application filed September 2011. No significant opposition to application. ALJ to issue proposed decision.
<b>A.11-11-002: SoCalGas Triennial Cost Allocation Proceeding</b>	SoCalGas requests approval of allocation of revenue requirement & rate design, submits cost study of backbone transmission system	Proceeding split into two phases, first phase addresses gas safety implementation plan, second phase to address cost allocation and rate design. First phase is complete. Now waiting for ALJ PD. Testimony has been submitted in Phase 2. Phase 2 hearings will take place in January 2013.
<b>I.11-11-009: PG&amp;E Gas Pipeline Classification Investigation</b>	Investigation by CPUC into whether PG&E violated CPUC rules pertaining to operation of pipelines in or near locations of higher population density	Settlement discussions occurring, as well as in the two other CPUC gas safety investigations of PG&E. Briefs in I.11-11-009 were submitted 11/20/12 and reply briefs were due 12/5/12.

<b>A.11-11-011: SoCalGas application to establish a compression services tariff</b>	SoCalGas requests authority establish a compression services tariff for non-residential customers desiring gas delivery at higher pressure, e.g. NGV, CHP, peakers	ALJ PD issued 11/20/12, approves application. Clean Energy and CPUC Division of Ratepayer Advocates oppose the SoCalGas proposal.
<b>I.12-01-007: CPUC investigation into San Bruno Gas Pipeline Rupture</b>	Investigation by CPUC into whether PG&E violated CPUC rules in connection with San Bruno explosion and fire	Settlement discussions occurring, as well as in the two other CPUC gas safety investigations of PG&E. In I.12-01-007, hearings will resume 1/7/13.
<b>A.12-04-024: SoCalGas application requesting approval of biogas conditioning service</b>	SoCalGas seeks approval to provide a biogas conditioning and upgrading services tariff	Application submitted 4/25/12, protest filed by DRA 6/1/12. Prehearing conference held 10/8/12.
<b>A.12-05-016 SoCalGas smart-meter opt-out application</b>	SoCalGas seeks approval of a smart-meter opt-out option	ALJ determined in July that hearings weren't necessary and that only briefs needed to be filed. Briefs were then filed in July and August 2012. Waiting for ALJ PD.
<b>A.12-10-018: Wild Goose Amendment of CPCN</b>	Wild Goose Storage seeks approval to amend its Certificate of Public Convenience and Necessity to increase its working gas capacity from 50 Bcf to 75 Bcf	Application submitted 10/22/12
<b>A.12-11-009 PG&amp;E 2014 General Rate Case</b>	PG&E proposes new revenue requirement for its electric department and for its gas distribution department	Application submitted 11/15/12
<b>SoCalGas Docket PR-13 at FERC</b>	SoCalGas submits application at FERC for approval of revised Statement of Operating Conditions, covering interruptible off-system transportation	Application submitted 11/21/12
