Re: California Energy Commission's Initial Certification of Compliance with
Licensing Support Network (LSN)

Dear Ms. Vietti-Cook:

Enclosed please find an original and two copies of the initial LSN certification by the California Energy Commission, with supporting exhibits, pursuant to 10 CFR 2.1009, that procedures have been implemented and documentary material is available in connection with the U.S. Department of Energy's license application for authorization to construct a nuclear repository at Yucca Mountain, Nevada.

The material that the California Energy Commission is making available can be publicly accessed at <http://www.energy.ca.gov/nuclear/yucca>

The California Energy Commission has designated Barbara Byron, Senior Nuclear Policy Advisor, as the Responsible Official for the LSN as per 10 CFR 2.1008(a)(1). As the responsible official, she can be contacted by phone at (916) 654-4976, or via e-mail at bbyron@energy.state.ca.us

The California Energy Commission will continue to add documentary materials to the LSN in accordance with 10 CFR Section 2.1003.

Thank you for your consideration. If you have any questions regarding the enclosed materials, please feel free to contact Barbara Byron.

Sincerely,

JAMES D. BOYD,
Commissioner and Vice Chair
California State Liaison Officer to the
U.S. Nuclear Regulatory Commission
