

Subject

Memorandum

Date: February 17, 1994
To: Enforcement Services Division
From: DEPARTMENT OF CALIFORNIA HIGHWAY PATROL
Hazardous Materials Section
File No.: 66.11309.94-022.esd
Subject: RESPONSE LETTER TO WRITTEN COMMENTS REGARDING
RADIOACTIVE MATERIALS REGULATIONS

Hazardous Materials Section (HMS) staff have attached a proposed letter of response to organizations and individuals who submit written comments for the proposed highway route controlled quantity shipments of radioactive materials regulations. This letter informs respondents that the Department has received their written comments and will consider those comments before submitting the final rulemaking package to the State Office of Administrative Law (OAL). HMS has successfully used similar letters in response to written comments on previous rulemaking packages.

The California Regulatory Notice Register publishing date of these proposed regulations was on January 28, 1994, and HMS anticipates written comments to begin arriving soon. The public comment period will end on March 14, 1994. The California administrative rulemaking process requires HMS to evaluate and address written comments in the final regulatory package for OAL. HMS will prepare and forward the attached generic letter for Chief Denno's signature in response to all comments, pending your approval.

M. GOSHERN, Lieutenant
Commander

Salutation:

Subject: COMMENTS RECEIVED ON PROPOSED HIGHWAY ROUTE
CONTROLLED QUANTITY SHIPMENTS OF RADIOACTIVE
MATERIAL REGULATIONS

Your comments on the proposed Highway Route Controlled Quantity (HRCQ) Shipments of Radioactive Material (RAM) Routing have been received by the California Highway Patrol. As stated in the "Notice of Proposed Regulatory Action," written comments will be accepted through March 14, 1994.

Subsequent to our review and evaluation of all comments received during the public review period, a final regulatory package designating HRCQ of RAM routes will be forwarded to the State Office of Administrative Law (OAL). If necessary, OAL will publish a notice of changes for an additional 15-day written comment period. Thank you for taking the time to provide us with your comments and assisting our Department in this regulatory process.

Sincerely,

L. DENNO, Chief
Enforcement Services Division
