Project Title: Adoption of Regulations - Designation of Routes for the Through Transportation of Highway Route Controlled Quantity Shipments of Radioactive Materials

Project Location: Select portions of the following Interstate Highways: 5, 8, 10, 15, 40, 80, 205, 210, 238, 280, 580, 605, 680, 805, 880, 980

Project Location - City County  
Select portions of Interstate Highways statewide

Description of Nature, Purpose and Beneficiaries of Project: The California Highway Patrol proposes to adopt regulations designating a restricted Interstate Highway routing system in California for the through transportation of highway route controlled quantity shipments of radioactive materials. The federal government has established all interstate highways as preferred routes: the CHP is proposing to designate only those routes necessary for through transportation. The project involves no expansion of the current preferred routing system.

Name of Public Agency Approving Project: California Highway Patrol

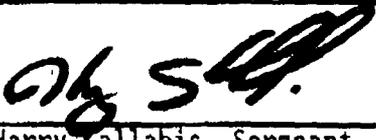

Name of Person or Agency Carrying Out Project: California Highway Patrol

Exempt Status: Categorical Exemption. Class 1, Section 15301; and Class 8 Section 15308

Reasons Why Project is Exempt: The project proposes the adoption of regulations to further restrict the interstate highway system routes that may be used for shipment of highway route controlled quantity shipments of radioactive materials.
