Jason:

Please keep us in the loop of the progress in the 2004 issue.

As we indicated, we have identified an alternative facility which can supply RECs to satisfy all parties needs for 2004, without a conflict.

Advise whether CEC views this approach acceptable.

Subject: RPS Verification Report

I am sending this email to inform you that the RPS Verification Report will not be up for adoption at the Energy Commission's Wednesday, May 23rd Business Meeting. The report was pulled from the May 23rd Agenda. It is staff's intention to have the 2005 RPS Verification Report up for adoption at a future Energy Commission Business Meeting.
