

NOTICE OF RENEWABLE POWER STANDARDS (RPS) MEETING

Renewable Portfolio Standard Plan Before Council

Background

On April 12, 2011, Governor Brown signed into law Senate Bill X1 2, establishing a Renewables Portfolio Standard of 33 percent by 2020 for all entities in California who provide electric resources. This law, therefore, applies to the City of Gridley's Electric Utility, a publicly owned utility.

SBX1 2 establishes minimum quantities of renewable energy resources that load serving entities must procure annually through 2020. Like all other entities covered under the new law, City of Gridley is required to develop and implement a Renewable Energy Procurement Plan and Enforcement Program to show compliance with this law.

Council Meeting Scheduled to Adopt Plan

On December 19, 2011, at the 7:00 P.M. City Council meeting, the City Council will review and consider the adoption of the plans.

CITY OF GRIDLEY

ADOPTION OF THE CITY OF GRIDLEY RENEWABLE ENERGY PROCUREMENT AND ENFORCEMENT PLANS BY THE COUNCIL OF THE CITY OF GRIDLEY ON DECEMBER 19, 2011

NOTICE IS HEREBY GIVEN, that on Monday, December 19, 2011, at 7:00 PM or as soon thereafter, Council Chambers, City Hall, 685 Kentucky Street, Gridley, California, the Council of the City of Gridley will consider the adoption of the City of Gridley Electric Renewable Portfolio Standard Procurement Plan and Enforcement Program.

On April 12, 2011, Governor Brown signed into law Senate Bill X1 2, establishing a Renewables Portfolio Standard of 33 percent by 2020 for all load serving entities in California. This extends to Gridley's Electric Utility, a publicly owned utility. SBX1 2 establishes minimum quantities of renewables energy resources that load serving entities must procure annually through 2020. Each load serving entity covered under the new law, including Gridley, is required to develop and implement a Renewable Energy Procurement Plan and Enforcement Program.

Rob Hickey
City Clerk
