RE: Docket Number 06-NSHP-1 (New Solar Homes Partnership)

Dear Commissioners:

I want to take this opportunity to thank San Diego Gas & Electric (SDG&E) for all their effort in consistently helping us get our projects signed-off and delivered in a timely fashion.

We deal with many utilities throughout the United States and Europe. SDG&E's efficiency processing interconnection along with their ability to schedule and install meters on time and as promised is second to none. This helps us to better manage our construction schedule and resources. More importantly, it makes us look good in the eyes of our customers.

Thanks again and keep up the good work!

Best regards,
