WEDNESDAY, NOVEMBER 19, 2014

9:30 am – 12:30 pm

WEDNESDAY, DECEMBER 17, 2014

9:30 am – 12:30 pm

**California Energy Commission
1516 Ninth Street, Hearing Room B
Sacramento, CA 95814**

The California Energy Commission will conduct three training seminars on the New Solar Homes Partnership (NSHP) program. This is an opportunity for all interested parties to learn more about the NSHP program, meet the staff administering the program, and ask questions.

The NSHP program is a \$400 million program that provides incentives for the installation of photovoltaic (PV) solar systems on new, energy-efficient residential buildings in California's investor-owned utility electric service territories.

These seminars will be conducted by Energy Commission staff members and will include information on:

- Application and payment processes, and required documents
- NSHP energy efficiency requirements
- NSHP CECPV Calculator
- NSHP Online Application Tool – submitting applications and payment claims electronically
- NSHP Application Clinic (for in-person attendees only)

Who should attend: solar retailers and installers, homeowners, builders/developers, HERS Raters, energy consultants, and all other parties involved in the design and construction of the new construction project and the solar energy system.

We strongly encourage interested parties to attend these NSHP training seminars in person.

For those who are unable to attend in person, WebEx online meeting services will be available. WebEx information is available below.

Seating is limited and registration is required. Please R.S.V.P. to the Renewable Energy Office by e-mail to [renewable@energy.ca.gov]. Please indicate "NSHP Training Seminar Registration" in the subject line and provide: Participant's Name, Company Name, Title, E-Mail, and Phone Number. Please indicate if you will be participating in person or through web online conferencing, and the date of the seminar you plan to attend.

An application clinic will be held the last hour of the seminar. The application clinic will allow workshop participants to meet one-on-one with NSHP staff and discuss specific application issues. Staff will be available to pre-review NSHP application documents. This application clinic is only available to those individuals participating in person. Space is limited and an appointment must be scheduled when signing in at the event. If you plan on attending the application clinic, please bring NSHP application paperwork with you. For questions regarding these trainings, please contact the Renewables Call Center at (844)217-4925 or renewable@energy.ca.gov.
