## **Notice of Availability of *Renewable Energy Program* *2011 Annual Report to the Legislature and Appendix***

The California Energy Commission adopted the *Renewable Energy Program 2011 Annual Report to the Legislature (2011 Annual Report)* and its associated *Appendix* at the November 16, 2011 Business Meeting. The final adopted report and appendix are now publicly available.

The *2011 Annual Report* and *Appendix* respond to a legislative directive to report annually on the results of the Renewable Energy Program's activities and status of funding. The *2011 Annual Report* provides a retrospective summary of the Renewable Energy Program including allocation of Renewable Resource Trust Fund dollars, information on cash flow, program activities and results, and projects and funding awards. The *Appendix* contains detailed project descriptions, statistics, and financial data; it also lists facilities certified or precertified as RPS eligible in FY 10/11 and RPS contract activities in FY 10/11 for California's large investor-owned utilities. The *2011 Annual Report* and *Appendix* cover the period of July 1, 2010, through June 30, 2011, and are due to the Legislature November 1, 2011.

These documents are available free from the Energy Commission's Website at:
