Documents and presentations for this meeting will be available online at:

www.energy.ca.gov/research/advisory/

Purpose

This public meeting is to convene the PIER Advisory Board. California Energy Commission Chair, Robert Weisenmiller, is the Presiding Member and Vice Chair, James D. Boyd, is the Associate Member of the RD&D Committee. Public Resources Code Section 25620.11 directs the Energy Commission to form an Advisory Board to provide strategic guidance on the funding priorities for PIER. The Advisory Board consists of representatives from the California Public Utilities Commission (CPUC), California Air Resources Board, consumer organizations, environmental organizations, utilities, and others. Additionally, six members of the California Legislature may meet with the Advisory Board and participate in its activities. Energy Commissioners serve as co-chairs of the Advisory Board.

Through publicly-noticed meetings, the Advisory Board assists the Energy Commission in establishing strategic planning goals to:

- Ensure that the program is focused on public interest research consistent with the goals established by the Legislation (Public Resources Code Sections 25620 et seq.); and
- Provide advice and strategic guidance in the planning and funding of the portfolio of public interest RD&D programs and projects administered by the Energy Commission that will provide highest value benefits to California's electricity and natural gas consumers.

At this meeting, the Advisory Board will receive an update on RD&D activities that have occurred since the March, 2011 Advisory Board Meeting and will be asked to provide guidance on strategic issues facing the program.

At the conclusion of the above item and during the **Public Comment** agenda item, the public will have the opportunity to participate by telephone or in-person.

Public Participation

The Energy Commission's Public Adviser's Office provides the public assistance in participating in Energy Commission activities. If you want information on how to participate in this meeting, please contact the Public Adviser's Office at (916) 654-4489 or toll free at (800) 822-6228, by FAX at (916) 654-4493, or by e-mail at PublicAdviser@energy.state.ca.us.
