As part of the April 22, 2014 Business Meeting, the Energy Commission will consider adopting the *Electric Program Investment Charge Proposed 2015-17 Triennial Investment Plan*, Staff Final Report.

This proposed triennial investment plan presents the Energy Commission’s strategy for administering the Electric Program Investment Charge (EPIC) to fund applied research and development, technology demonstration and deployment, and market facilitation from 2015 to 2017. The CPUC EPIC Phase 2 Decision 12-05-037 established the purposes and governance of the EPIC Program funding and designated the Energy Commission, Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), and Southern California Edison Company (SCE) as the four administrators of the EPIC Program.

The staff final proposed triennial investment plan will be available on the Energy Commission's website at:
