

**Save the Date!**

**April 13, 2010**  
**At UC Davis**

*..for the first annual:*

## **RESCO Experts Symposium**

*Organized by the*  
California Renewable Energy Collaborative  
Integrated Renewable Energy Systems Program

*With support from:*  
California Energy Commission PIER Renewables Team

Please join Renewable Energy Secure Communities (RESCO) Program participants on Tuesday, April 13th for a day of conversations on the questions and issues communities face in exploring, piloting and implementing the RESCO vision. The day is designed not as a series of presentations, but as a series of expert panels and facilitated discussions among project teams, their CEC PIER Contract Managers, and sustainable community stake-holders. The focus will be on technical integration research needs as well as deployment barriers and opportunities.

For example: What is the most effective RD&D strategy to accelerate deployment of integrated community-scale renewable energy systems? How will smart grid deployment enable greater community participation in decisions that impact local economies? What new renewable energy finance and deployment models are being considered and implemented in other states and countries? What opportunities exist for co-investment by communities, energy users and utilities? What are the most important questions current and future RESCO projects and collateral research can help answer?

During lunch, qualitative economist Dr. Woodrow W. Clark II will speak on the “Third Industrial Revolution” – the shift from a fossil fuel to a renewable energy generation economy.

Your participation, insights and questions are invited. Come and share. Come and learn. Come and network.

For detailed agenda and registration information, visit  
<http://conferences.ucdavis.edu/confreq/index.cfm?confid=477>

**RESCO Experts Symposium**  
Tuesday, April 13, 2010  
at the Activities & Recreation Center (ARC), UC Davis

**Reservation Form**

Name:

Title:

Organization:

Mailing address:

City, State, Zip:

Telephone:

Fax:

Email:

PIER RESCO Project Title (if applicable):

Please indicate if you are the project panelist: Yes \_\_\_ No \_\_\_

For Lunch, please specify:

General

Vegetarian

Registration Fee per person:

-Regular: \$100

-Students: \$30 Student ID #:

Major:

Students will also be asked to present their ID on the day of the event.

**Extended Deadline March 19, 2010** Registration may be done using our **on-line registration form** from <http://conferences.ucdavis.edu/confreg/index.cfm?confid=477> or by **mailing a check**.

*Note: If your plans change, written request for a refund of registration fees must be received by March 31. Refunds will be minus a non-refundable \$15 administrative fee and sent 2-4 weeks after the symposium. Cancellations made **after March 31** will not be processed. **Substitutions** can be made until April 6, 2010.*

To **register and pay by check**, please mail this form with a check made payable to "The Regents of the University of California" to:

Bill Kuhlman (RESCO Experts Symposium)  
UC Davis Energy Institute  
One Shields Avenue  
2231 Academic Surge  
Davis, CA 95616  
Fax: 530.752.1825

Sorry, no registration by telephone is available.

Please contact Ronnie Holland with questions by email at [ronnie-rr@comcast.net](mailto:ronnie-rr@comcast.net)

The ARC parking lot (VP 25) is adjacent to the facility and has day parking available for \$6.00/vehicle. Permits can be purchased from dispensing machines at the entrance of the lot (cash and credit cards accepted). Smaller visitor parking lots are available across the street at La Rue Road and Orchard Road (VP35), and further down La Rue Road (VP24).
