Subject: Roadmap to Commercialize Microgrids in California
Date: Thursday, May 26, 2016 10:08:01 PM

Hi Eli,

Thanks to you and your Team for setting up the first microgrid roadmap workshop. As I mentioned during the workshop, we are very interested in being involved and supporting a sub-group that is focused on developing a roadmap for behind the meter microgrids. I think it is important to separate this from community microgrids as the majority of the issues, opportunities, and challenges are different. Please continue to include me on the list for this microgrid effort.

Best regards

Andrew Yip
