

Information for February 27, 2008

RETI SSC Meeting

The February 27 RETI Stakeholder Steering Committee meeting, 1:00-3:00 PM, will be devoted exclusively to a web-based presentation on the Phase 1 resource assessment and analytical study.

Black & Veatch will host the web meeting. The meeting will use InterCall. If you do not have InterCall software on your computer you will need to download it in order to access the Web presentation call. The set-up will take approximately 5-10 minutes.

PLEASE INSTALL THIS SOFTWARE BEFORE THE 1:00 PM MEETING START TIME.

The conference will also be broadcast in audio. Instructions for installing the webcast software, accessing the weblink and audio hookup information are below.

Members of the SSC will receive the PowerPoint slides that Black & Veatch will prepare for this meeting presentation no later than Tuesday, February 26. This will enable you to follow the presentation even if you do not have web access for the meeting. A copy of the B&V slide presentation will be posted on the RETI website as soon as it is available.

RETI Stakeholder Steering Committee meeting on 2/27/08 will be a web-based presentation hosted by Black & Veatch. The meeting will use InterCall. ***If you do not have InterCall software on your computer you will need to download it in order to access the Web presentation. The set-up will take approximately 5 minutes.***
