Mr. Larry Myers  
Native American Heritage Commission  
915 Capitol Mall, Room 364  
Sacramento, CA 95814

Dear Larry,

Subject Eastshore Energy Project

CH2M HILL is assisting Tierra Energy with the preparation of an Application for Certification (AFC) before the California Energy Commission (CEC) for a new power plant located in the City of Hayward in Alameda County to be called the Eastshore Energy Project. The project site is a densely developed industrial and residential area. Please see the enclosed study area map (Arroyo De La Alameda Land Grant, Hayward 7.5 Minute USGS quadrangle).

We would appreciate your checking the Sacred Lands Files to see if there are any culturally sensitive areas within the immediate project vicinity. We would also like to receive a list of MLD's appropriate for this area since we will attempt to contact local Indian groups to solicit their written input/concerns about the project.

Thanks again for your cooperation and assistance. I look forward to your earliest possible reply.

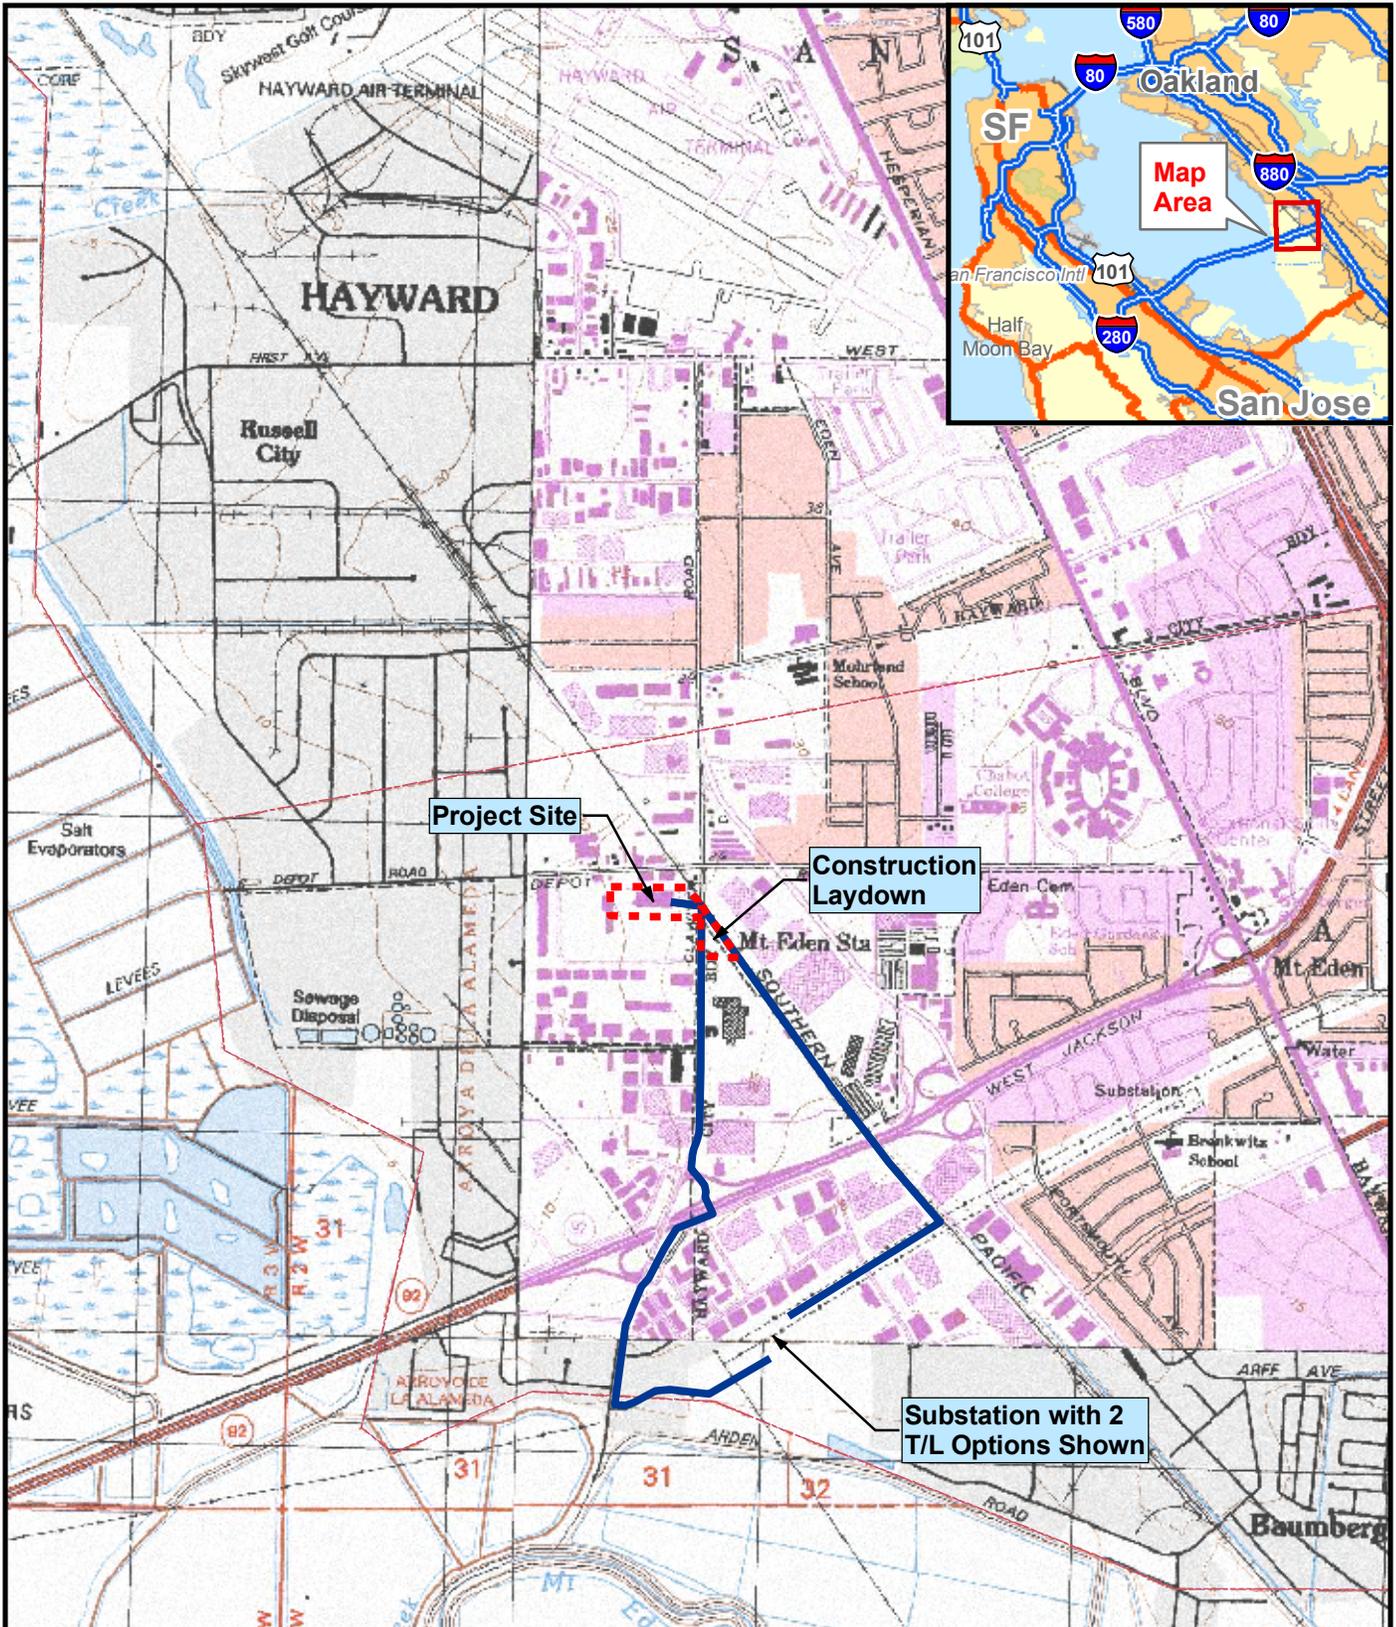

Sincerely,

CH2M HILL
