

**PALOMAR ENERGY PROJECT (01-AFC-24)
CEC STAFF DATA REQUEST NUMBER 37**

Technical Area: Cultural Resources

Response Date: April 8, 2002

REQUEST:

If any of the resources could be impacted by the project or could have their immediate surroundings altered (change in the integrity of setting) by this project in such a manner that the significance of the historical resource would be materially impaired, please provide a discussion of the significance of the resources under CEQA Section 15064.5, (a), (3), (A)(B)(C) & (D), and provide staff with a copy of the assessment and the specialist's conclusions regarding significance.

RESPONSE:

Resources that were identified are discussed in the survey (Historical Architectural Survey for the Escondido Research and Technology Center Specific Plan Area, April 2002) that was prepared in response to Data Request 25 and are discussed in the AFC (dated November 2001). The survey will be submitted within a few days of April 8, 2002.
