Re: Partial Relinquishment of Right-of-Way, Blythe Solar Project, CACA-48811

Dear Mr. Kenna:

On behalf of NextEra Blythe Solar Energy Center, LLC ("NextEra Blythe"), I am writing to notify the Bureau of Land Management ("BLM") that NextEra Blythe is hereby relinquishing an approximate 2,408.65 acre portion of its right-of-way ("ROW") Grant for the Blythe Solar Project, which was approved for assignment to NextEra Blythe on August 22, 2012. The relinquished area is located in the western portion of the ROW Grant and constitutes a portion of the area approved for the location of the solar generating facility.

The retained area of the ROW Grant is identified on the attached map (Exhibit A) and legal description (Exhibits B1-B5). The retained area constitutes approximately 4,616.35 acres in total and includes the eastern portion of the area for the solar generating facility and all of the ancillary and linear facilities covered by the ROW Grant. We request that BLM issue a revised legal description and map for the ROW Grant and a revised rent determination (effective April 1, 2013). We are not requesting a revised performance and reclamation bond at this time, but will update this information in the future in conjunction with a revised Plan of Development for the project.

Neither NextEra Blythe, nor its predecessor Palo Verde Solar I, LLC, were issued any notice to proceed or have undertaken any construction activity within the relinquished area. Those lands therefore remain undisturbed under the terms of the ROW Grant and do not trigger any of the decommissioning or reclamation obligations set forth in the ROW Grant.

We appreciate your assistance with regard to this matter. Please contact Stuart McCurdy at (561) 304-5609 or stuart.mccurdy@nexteraenergy.com if you have any questions.

Sincerely,

Gregory Schneck
Vice President
