KTT

Subject: WATER AVAILABILITY  
3497 MAIN STREET, CHULA VISTA  
SWA DEV. FILE: MMC ENERGY

Dear Mr. Takei:

This is in response to your letter dated July 27, 2007, requesting additional gallons per year for the subject project. Based on the demand of 28 million gallons per year, with the plant operating 24 hours per day, 365 days per year (and no peaks), water is available to serve this project from the existing 2-inch water service and 2-inch meter already serving this property. Also, there are no recycled water facilities in the Sweetwater Authority service area.

If you have any questions, please call Ms. Laurie Edwards at (619) 409-6758.

Sincerely,

SWEETWATER AUTHORITY

Hector Martinez  
Engineering Manager
